

# Calling all residents!

The boroughs of Homestead, Munhall and West Homestead are planning for a bright future.

**Help us decide how it looks.**

The communities are working on a joint Implementable Comprehensive Plan, an official policy document that will set local government priorities for the next 10 years. What issues and opportunities should be most important? Visit [www.steelvalleyplan.com](http://www.steelvalleyplan.com) and complete the questionnaire by April 15, 2021, to let us know.
